## Winner! Winner?

Recently the area has been receiving a high number of calls on mobile phones from Jamaica. Who wouldn't love to be that winner you see on TV holding a great big sweepstakes check? According to the Federal Trade Commission that's what con artists are counting on when they claim to be Publishers Clearing House.

Be wary of any calls that, to claim your prize, require you to pay fees and taxes up front.

**TIP:** Tis the season for summer storms and power surges. Sometimes outages or even slight flickers in your power can affect electronic devices in your home such as wireless routers, computers, and set-top boxes. If a device doesn't power back up correctly it may not work correctly. It may require you to reboot the device or manually power off the device, wait a few minutes, and power it back on.
