## Annual Meeting Of Members

Despite the weather on the first day of spring a great crowd gathered for the Annual Meeting of Members on March 20<sup>th</sup>.

Members heard Jeff Naig, BKD, review the financial report and General Manager, Daryl Carlson give an overview of the industry. Board President, Alan Jacobson, reviewed ways WCCTA has taken technology very seriously over the years progressing from basic landline telephone service to diversifying services available and investing in Fiber to the Home. He also read the results of the mail ballots.

Office Manager, Marcie Boerner; talked about and showed a video summarizing how local businesses rely on Internet access for education, economic development, healthcare and agriculture. This information was used in the application process for NTCA: The Rural Broadband Association's Smart Rural Community Showcase Award which WCCTA received last fall.
