Allocation Notices

Anyone receiving service from Webster-Calhoun Cooperative Telephone Association during the year of 2017 can expect to receive an allocation notice in June.

Profits from the cooperative are allocated back to members based upon that member's usage during that year. These funds are set aside in your name until the Board of Directors approves retirement of these funds. In the meantime these profits are reinvested into the cooperative operations. Capital Credits are an important benefit of your cooperative membership.

High Definition?

When you watch WCDTV do you focus on the traditional 5, 8, 13 or 17? According to the "What's Hot" app (press the yellow button on your remote), these are the most watched networks!

What about channels 205, 208, 213 and 217? Simply put, if you have a newer TV you may want to make sure you're watching the high definition channels for a better viewing experience! Subscribers to the WCDTV Extended package have access to a number of high definition channels.

facilities within the State of Iowa**

Online Billing Payment?

“My bank offers online bill pay and WCCTA offers online billing. What’s the difference?”

Typically going through your bank initiates a payment process sending a check to WCCTA and that can take several days.

Did you know you can make a credit card payment or initiate a payment from your bank account directly through WCCTA’s website? At www.wccta.net choose “Online Billing” and create your own unique username and password. From there you can control payments, view your account and more. Payments are applied immediately and directly to your account at WCCTA.

For more information or questions contact our office at 515-352-3151.

Newsletter Contest

Congratulations to Thomas Good of Pilot Mound, Kathy Johnson of Thor, and Gregg & Jessie Gernhart from Somers! They found their telephone number in this newsletter last month.

Find YOUR phone number in this newsletter and win a \$10.00 credit on your billing statement! Contact our office at 515-352-3151 if you find your number. This month there are three numbers hidden again.

Can you find them?

A Program of:
NTA THE RURAL BROADBAND ASSOCIATION

SRC Spotlight

In his own words Phil DeCastro took the old school feel of a barbershop and added a touch of modern element to it. What is that modern element? Internet access from WCCTA!

Phillip DeCastro, owner of The Drill Barbershop in Gowrie, opened his shop about 3 ½ years ago.

“The cool thing about broadband is it actually sets the tone for my shop. It allows me to stream music, stream video, schedule appointments and take payments,” according to DeCastro.

When first opening, Phil concentrated marketing efforts online such as search engine optimization and getting to the top of web searches for men’s haircuts and barbering as well as online appointment scheduling. Business has continued to grow allowing Phil to grow his business in another location in Fort Dodge.

Active in economic development DeCastro adds, “Having broadband is a crucial player in allowing small towns of 1,000 to be on the same level with other businesses.”

WCCTA wants to hear YOUR story (or tell me about someone else!). How does every day broadband impact our rural communities? Contact Marcie at 515-352-3151.

“Broadband allows me to keep all my appointments and be able to reach all my customers whenever and wherever I am.”- Phil, The Drill
